ABOUT ME

I am passionate about learning new tools and techniques to continuously improve my work. I'm dedicated, communicative, and analytical, always striving to deliver my best. I have been interested in technology since childhood—software, hardware, and programming alike—and have developed a strong understanding of the field.
I'm a good team player with leadership potential, competitiveness balanced by collaboration, and adaptability to change. I get motivated by challenges, objectives, and goals, and always aim to achieve them in the best way possible. Every accomplishment, big or small, excites me and fuels my growth.

PROFESSIONAL EXPERIENCE

- Still looking for my first opportunity
